

## Reworking & Repacking

### Are you looking to change packaging materials due to artwork or regulatory updates?

With the patient at the centre of everything we do, we regularly invest in machinery and equipment, to expand our service capacity. We meet the varying volumes and exceed the market needs of our customers.

With capability to handle all packing formats, we offer:

- Over labelling of ampoule, vial, bottle and cartons
- Removal and replacement of cartons and PILs
- De-blistering and re-blistering
- Reconfiguration of packing formats
- Product inspections
- Scanning serialised cartons for decommissioning and re-serialising with new cartons

We only use high-quality materials from approved suppliers.
